### ITEM № 11 «ON PARTICIPATION OF IDGC OF CENTRE, PJSC IN ASSOCIATION SRO “CENTRE OF SURVEY”»

#### Explanatory information on the item

In accordance with paragraph 19 of Article 48 of the Federal Law “On Joint Stock Companies” and subparagraph 18 of paragraph 10.2 of Article 10 of the Articles of Association, the decision to participate in financial and industrial groups, associations and other unions of commercial organizations falls within the competence of the General Meeting of Shareholders.

In accordance with subparagraph 6 of paragraph 15.1 of Article 15 of the Articles of Association, submitting issues for consideration by the General Meeting of Shareholders of the Company as set forth in subparagraphs 2, 5, 7, 8, 12-20 of paragraph 10.2 of Article 10 of the Articles of Association are within the competence of the Board of Directors of the Company.

In accordance with paragraph 7 of Article 53 of the Federal Law “On Joint Stock Companies”, the Board of Directors of the Company acted as the initiator of the participation of IDGC of Centre in associations.

IDGC of Centre, being a developer, is a technical customer of engineering and geodesic, geological and environmental surveys.

Federal Law of 03.07.2016 № 372-FZ “On Amendments to the Urban Planning Code of the Russian Federation and Certain Legislative Acts of the Russian Federation”, which entered into force on 01.07.2017 (except for certain provisions), the functions of a technical customer can be performed only by a member of the corresponding self-regulating organizations in the field of engineering surveys, architectural and construction design, construction, reconstruction, overhaul of capital construction projects.

In accordance with Article 47 of the Town Planning Code of the Russian Federation Engineering surveys are carried out for preparation of project documentation, construction, reconstruction of capital construction facilities. The preparation of project documentation, as well as the construction, reconstruction of capital construction facilities in accordance with such project documentation are not allowed without the performance of relevant engineering surveys.

To confirm the possibility of performing the functions of a developer and a technical customer in capital construction when performing engineering surveys of IDGC of Centre, PJSC, it is necessary to ensure membership in the Association of the relevant SRO.

Association SRO “Centre of Survey” is a self-regulating organization based on the membership of legal entities and individual entrepreneurs to coordinate the business activities of its members, as well as to represent and protect common property interests in the field of engineering surveys.

The members of the Association include the largest design institutes of the country and engineering research trusts, including: State Budgetary Institution “Mosgorgeo Trust”, State Autonomous Institution “Research and Project Institute of General Planning for the city of Moscow», PIK Group of Companies, JSC “United Energy Company”, Institute of JSC Research Center of Construction, OJSC “Trust GRIL”, OJSC “MOSTSTISIZ”, “LENTISIZ - Kaliningrad” LLC, JSC “Project and Research Institute “Hydroproject” named after S.Y. Zhuk”, Institute of Geoecology named after E.M. Sergeev of the Russian Academy of Sciences.
