Territorial bodies of the FAS are vested with powers to check tariffs

Territorial bodies of the Federal Antimonopoly Service (FAS) are empowered to check tariffs, according to a message on the service's website dated 10 November. The Government of the Russian Federation approved the corresponding Resolution.

On behalf of the FAS Russia, regional departments will be able to independently conduct unscheduled on-site and documentary inspections, the release says. This measure will expand the scope of control and supervisory activities for a more effective response in the event of an unjustified increase in tariffs.

Kalugaenergo continues work on digitalization of the power grid complex

As part of Rosseti Centre and Volga region's project for digitalization of power facilities, the Kalugaenergo branch is implementing a comprehensive program to automate the 6-10 kV distribution grid. In the Meshchovsky and Babyninsky districts, automated equipment was installed in the electric grid complex to improve its functioning. Such devices are called reclosers; they allow to monitor and manage the operation of electric grids using special software solutions.
