System Operator: "Energy demand in Russia has grown by 0.4% since the beginning of the year compared to last year"

Energy consumption in Russia has grown by 0.4% since the beginning of the year, Fyodor Opadchiy, head of the System Operator (SO), told Interfax. "It's a 0.4% increase (the indicator is growing – ed.)," he responded to a question on the matter, clarifying that this applies to both Russia and the Unified Energy System (UES). He stated that this refers to the "raw" figure as of 12 July.

Immersion in the energy industry: student construction crews learned about the history and present of Smolenskenergo

Members of the student construction crews "Energet" and "Einstein" from the branch of Rosseti Centre - Smolenskenergo took a tour of the Smolensk Region Electric Power Museum. The students took a fascinating journey through the history of the region's energy industry, from the first light bulb to artificial intelligence, and immersed themselves in the profession by watching educational videos about the company.
