COMPANY NEWS

Power engineers from Rosseti Centre allocated additional capacity to a coffee production company in the Smolensk region

Specialists of the branch of Rosseti Centre - Smolenskenergo have completed work on the grid connection of modern coffee production in the Smolensky district. The company has been provided with additional power of 150 kW. The total connected production capacity is 440 kW in the second reliability category, which provides for the possibility of transferring the consumer to a backup power supply scheme in the event of a technological disruption.
