Rosseti expects net profit growth in 2026

Rosseti Group expects revenue of over RUB 2 trillion by the end of 2026, and also expects growth in net profit and other financial indicators, CEO of the company Andrey Ryumin said on Vesti. "We also expect growth in profit and other indicators. It's too early to talk about it now, of course, everything depends on volumes, electricity supply, and consumption, but we're looking ahead, and we have positive expectations," he said.

Orelenergo has legalized 42,000 fiber optic cables on power transmission line poles

The branch of Rosseti Centre - Orelenergo systematically identifies and legalizes the placement of fiber optic communication lines (FOCL) on power transmission line poles. Under existing contractual agreements with the energy company, the installation of internet cables on nearly 42,000 utility poles has already been authorized. Since the beginning of 2026, power engineers have identified over 1,000 new cases of unauthorized fiber optic cable installation.

Vladimirenergo's power engineers held an electrical safety lesson at the Aurora children's club

During the summer school holidays, employees of the branch of Rosseti Centre and Volga region - Vladimirenergo are holding preventive electrical safety classes for children. Occupational safety specialist Ekaterina Titova spoke to children from the Aurora children's club in Vladimir about the dangers of electricity at home and outdoors. The students were told that special gloves, a hard hat, and tools are required for working at energy facilities.
