The Russian Ministry of Energy prepared new requirements for forecasting electricity consumption

The Russian Ministry of Energy has prepared a draft order with new requirements for forecasting consumption and creating balances of electric energy and power of the energy system. This document will replace Order of the Ministry of Energy No. 91 of 11 February 2019. The draft order was published on the Garant.ru portal. A key innovation is that for the first time, the regulations will include energy storage systems as a separate power generation facility.

Lipetskenergo's power engineers joined the patriotic "Candle of Memory" campaign

The Youth Council, young specialists, and members of Lipetskenergo's energy crew (2026 season) took part in the all-Russian "Candle of Memory" campaign on the eve of Remembrance and Sorrow Day. Together with residents of the region, the power engineers went to the streets of the regional centre to pay tribute to the heroism of the defenders of the Fatherland in the Great Patriotic War. This event, dedicated to the 85th anniversary of the outbreak of war, recalls the selfless sacrifice of millions of people at the front and in the rear.
