The State Duma expects the government to submit a plan for implementing the new energy strategy and bills related to continued grid consolidation in 2026

The State Duma Energy Committee expects the government to submit a comprehensive action plan for implementing Russia's energy strategy through 2050. This was announced by committee chairman Nikolai Shulginov following an extended meeting with representatives of the Russian Ministry of Energy, which developed the document.

Power engineers of Rosseti Centre and Volga region improved the reliability of high-voltage substations in Udmurtia

As part of the program for technical maintenance and repairs of power facilities, power engineers of the Udmurtenergo branch modernized the equipment of 34 high-voltage substations in 2025. This work improved the reliability of power supply for hundreds of thousands of consumers in cities and districts of the Udmurt Republic. Domestic high-tech equipment was used in the modernization, reconstruction, and repairs.
