

## ELECTRIC POWER INDUSTRY NEWS

### Nikolai Shulginov: "It is important to maintain stable operation when the operational dispatch control in isolated energy zones is transferred to the System Operator"

The Ministry of Energy has developed a draft resolution of the Government of the Russian Federation, which determines the procedure for the transition to the System Operator of the functions of operational dispatch control in technologically isolated energy systems, as well as the specifics of work on the territory of such energy systems during the transition period.
