

ELECTRIC POWER INDUSTRY NEWS
Rosseti completes first issue of digital financial assets

PJSC Rosseti has completed the first issue of digital financial assets (DFAs) in the Russian electric grid sector. The issue volume was RUB 2 billion, with a maturity of three months. The DFA issuance raised funds for bridge financing of Rosseti's investment program projects on the most favourable terms.

COMPANY NEWS
Lipetskenergo's power engineers completed repairs to a system transmission line

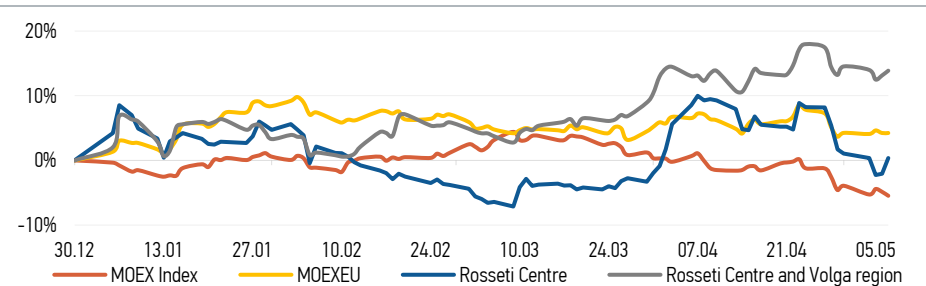

Specialists from the branch of Rosseti Centre - Lipetskenergo completed scheduled repairs of a 110 kV overhead power line (OPL), which provides a connection between the Lipetsk and Kursk power systems. The work was carried out as part of the annual maintenance and repair plan for electric grid facilities. Due to the critical importance of this power facility for the reliable operation of the two regions' power systems, the specialists completed the planned repairs as quickly as possible.

Vladimirenergo's occupational safety specialists held an electrical safety lesson

An event was held for children of the company's employees, focusing on safety rules around household electrical appliances, as well as interactive CPR exercises with the "Anton" dummy. During the lesson, the children learned about the many dangerous situations associated with electricity in their homes and learned how to behave in dangerous situations.
