DAILY MARKET REVIEW

ELECTRIC POWER INDUSTRY NEWS

How new subjects of the Russian Federation will be supplied with electricity

The government has appointed a structure of Rosatom as the supplier of electricity in the new territories: it will buy electricity at tariffs from local power plants and at market prices from stations in neighbouring regions of Russia. Generation in the DPR, LPR, Kherson and Zaporozhye regions, according to the Ministry of Energy, covers approximately 70% of their consumption. According to the government plans, the new regions will be fully integrated into the wholesale energy market of Russia by 2028.

COMPANY NEWS

Belgorodenergo prepares power grid complex of the region for winter

By the beginning of August, the branch of Rosseti Centre – Belgorodenergo has completed over 65% of the planned repairs and maintenance of electric grid facilities in preparation for the upcoming heating period of 2023-2024. The implementation of the program activities is under special control, especially in the border districts of the region.

Nizhnovenergo held a monthly Occupational Safety Day

During the event, in all divisions of Nizhnovenergo, the state of workplaces was checked for compliance with sanitary standards, the availability of primary fire extinguishing equipment, their maintenance and readiness of personnel to use them. Particular attention was paid to the staffing of crews with protective equipment. Demonstrative work clearance, a training "Crew of professionals", as well as practice at training centres were organized.
