The Ministry of Energy plans to approve the new energy strategy of the Russian Federation in March 2024

The Ministry of Energy of the Russian Federation plans to approve the new energy strategy of Russia until 2050 in March 2024, follows from the presentation of First Deputy Minister of Energy of Russia Pavel Sorokin, which he presented at a meeting of the working group of the State Council of the Russian Federation. The text of the document should be prepared in November 2023 and approved by the Ministry of Energy. It is planned to send the energy strategy to the government for final approval in January-February 2024.
