

ELECTRIC POWER INDUSTRY NEWS

The Ministry of Energy developed a draft regulation on the security zone of electric power facilities

The Ministry of Energy of the Russian Federation has developed a draft government resolution "On approval of the Regulation on the security zone of electric power facilities (electric grid facilities and electric power generation facilities) and on amendments to certain acts of the Government of the Russian Federation". The document was published on the Federal Portal of draft regulatory legal acts.

A student crew of the Udmurt branch of Rosseti Centre and Volga region visited the Energetik training centre on a tour

Students of the Energoregion 18 crew, practicing at facilities of the Udmurtenergo branch, not only work, but also actively learn about the world of big energy. Thus, the guys visited the excursions at the Izhevsk Energetik training centre. Before that, the training centre's teachers told the crew students about the rules of conduct near power plants, about the danger of electric shock, and also reminded them of the need to be careful primarily with household electrical appliances.
