Putin instructed to speed up the preparation of the Russian Federation's long-term energy strategy

Russian President Vladimir Putin demanded that a long-term energy strategy be prepared as quickly as possible. "Two years ago, at an industry meeting, I instructed the [RF] government to develop and approve a long-term energy strategy," the head of state recalled at a meeting on the development of the fuel and energy complex. "I ask you to speed up this work and complete it as quickly as possible," Putin addressed the meeting participants.

Tverenergo's specialists conducted a training seminar on electrical safety

Tverenergo's power engineers organized a training seminar for teachers from schools in the city of Tver, where they told the teachers about the need to conduct lessons on electrical safety, and also shared their experience and best practices in organizing such classes. About 40 teachers from Tver schools took part in the event. This was reported by the Informationbureau telegram channel.

A Ryazan power engineer received a governor's award for decent upbringing of children

Ryazanenergo's employee Andrey Rimsky received the honorary badge of the governor "Parental Valour," reports the Informationbureau telegram channel. The award was presented for services to raising children and strengthening family traditions. It is symbolic that he received such an award in the Year of the Family. Andrey Rimsky is a driver of the Skopinsky section of the mechanization and transport service. He and his wife are raising four children. His experience in the energy sector is 22 years.
