

ELECTRIC POWER INDUSTRY NEWS

The government plans to conduct a pilot project in 2026-2027 to test the target model of the retail electricity market

The Ministry of Energy of Russia has published a draft government resolution, which provides for a pilot project to create and implement organized trading platforms for the purchase and sale of electricity (capacity) on the retail energy market in the regions of the Russian Federation. The document is posted on the Federal Portal of draft regulatory legal acts.
