

### ELECTRIC POWER INDUSTRY NEWS

#### Regional grid organizations to be responsible for the operation of the electric power industry

The regions plan to create backbone grid organizations that will be responsible for the quality operation of electric power facilities. This law was supported at a meeting of the Federation Council Committee on Regulations and Organization of Parliamentary Activities on 23 April. According to the first deputy head of the Committee on Regulations, Vyacheslav Nagovitsyn, the bill is aimed at creating conditions for the development of the Russian energy system.
