#### ELECTRIC POWER INDUSTRY NEWS

#### Submission to the Cabinet of Ministers of the Russian Federation of a draft bill on a backbone TGO is expected in the near future

It is noted that in addition to the bill, by-laws have already been developed. For example, in order to determine the most reliable and financially stable company in each region, criteria have been developed for classifying TGOs as backbone ones. The criteria assume that the backbone TGO will be determined at the regional level for up to 5 years.

In addition, a draft government decree has been developed on the procedure for concluding agreements by a backbone company with unscrupulous organizations deprived of their status on the use of power grid facilities that belonged to them.
