The government simplifies the process of approving investment programs of entities of the electric power industry

Government Resolution No. 923 dated 2 June 2023 "On Amendments to Certain Acts of the Government of the Russian Federation Concerning the Approval of Investment Programs of Electric Power Industry Entities" was signed. As a result, the terms for approving investment programs of entities of the electric power industry will be reduced, and the number of stages for coordinating projects of investment programs will be decreased. Their coordination is synchronized with the scheme and program for development of electric power systems in Russia.
