The Ministry of Energy approved guidelines for modelling electric power systems and electric power facilities

By Order No. 1428 of 31 October 2025, the Ministry of Energy of the Russian Federation approved guidelines for modelling electric power systems and electric power facilities, which will come into effect on 1 January 2026. The document was published on 27 November 2025, on the Official Internet Portal of Legal Information. The document establishes mandatory requirements for the creation of digital information models for the System Operator of the Unified Energy System of Russia, all electric power industry entities, and consumers creating digital models.
