Udmurtenergo is implementing a program to install smart meters

As part of the investment program in 2023, the branch of Rosseti Centre and Volga region, PJSC - Udmurtenergo installs smart electricity meters for consumers. With the installation of smart metering devices, the consumer no longer needs to transmit meter readings on a monthly basis and monitor its serviceability. Now the "smart device" itself will transmit the current readings to the power company and give a signal about a fault in the grid, as well as report unauthorized intervention.
