A new school and kindergartens in Belgorod and the Belgorodsky district provided with electricity

A new school in the private housing construction microdistrict “Tavrovo-4” with customer contract demand of 350.7 kW is being built as part of the national project “Education”. To connect the new building to the grid, power engineers reconstructed a 10 kV power line from the 35 kV substation “Tavrovo”, constructed four additional sections of 10 and 0.4 kV lines and commissioned a package transformer substation, equipped with telemetry devices with information transfer to the city control centre of the Belgorodsky Distribution Zone.
