The Ministry of Energy developed a draft order that defines the requirements for the quality of electricity in the UES

The Ministry of Energy of the Russian Federation has developed a draft order "On approval of requirements for the quality of electrical energy". The document is published on regulation.gov.ru.

As follows from the explanatory note to the document, the order was prepared in pursuance of the provisions of Federal Law No. 174-FZ, signed in June of this year, which for the first time normatively fixed the definition of the concept of "quality of electric energy", and the Ministry of Energy "has been empowered to establish requirements for the quality of electric energy and its provision".
