

ELECTRIC POWER INDUSTRY NEWS
Rosseti and the State Grid Corporation of China exchanged experience in implementing digital technologies in the power grid complex

On 3 July 2023, Rosseti's Group and the State Grid Corporation of China exchanged experience in implementing digital technologies in the power grid complex. More than 80 Russian and Chinese specialists took part in the seminar held in Moscow. The power engineers discussed solutions in the field of digitalization of power supply services and management procedures, changes in the energy systems of both countries in connection with the development of generation based on renewable energy sources (RES). There was also an exchange of experience in terms of digitalization of supply chains, the use of artificial intelligence and blockchain technologies for building management systems.
