Voronezhenergo provided electricity to a seed processing plant under construction

A major project is underway in the Paninsky district of the Voronezh region to build a plant with an annual capacity of 4,000 tons of sunflower and corn seeds. Specialists of Rosseti Centre - Voronezhenergo provided the new facility with the necessary electricity. To this end, the power engineers reconstructed two existing 10 kV overhead power lines and built a new 10 kV overhead power line with a recloser and a line disconnector.
