

## ELECTRIC POWER INDUSTRY NEWS

### The Government of the Russian Federation indexed the tariff for transmission through the single power grid

Services for electricity transmission through the Russian Unified National Electric Grid (UNEG) since 1 May have risen in price by 6.3%. The corresponding order of the Government is published on the official Internet portal of legal information. It is expected that such indexation will be valid until the end of the year. The document does not provide absolute indicators, it notes that tariffs are increased by 6.3% compared to the rates in effect on 30 April.
