

ELECTRIC POWER INDUSTRY NEWS

A standard for technical requirements for solar power plants was approved in Russia for the first time

The Federal Agency for Technical Regulation and Metrology (Rosstandart), by order No. 392-st dated 14 June 2023, approved GOST R 70787-2023 "The unified energy system and isolated energy systems. Renewable energy sources. Technical requirements for photovoltaic solar stations".

For the first time in Russia, a standard has been adopted that establishes the technical requirements for solar power plants (SPP) when they operate as part of the Unified Energy System and technologically isolated territorial electric power systems.
