COMPANY NEWS

Smolenskenergo's specialists completed 2,660 grid connection contracts in the first half of 2023

Consumers with a maximum power of up to 15 kW inclusive made up the bulk of grid connections - 94% or 2,495 contracts. In addition, during this period, the branch provided about 470 kW of power to water supply facilities. The list of facilities connected this year includes those under construction under the state program "Improving the quality of water supply in the Smolensk region" within the framework of the federal project "Clean water".
