2. Contents of the statement	
2.1. Brief description of the event (action), the occurrence (accomplishment) of which, in the opinion of the issuer, affects the value or quotations of its securities:	
<p>Rosseti Centre, PJSC published its unaudited Interim Condensed Consolidated Financial Statements as at and for the three and nine months ended 30 September 2024, prepared in accordance with International Financial Reporting Standards (IFRS).</p> <p>Profit for the period amounted to RUB 6.6 bln, which is lower than the same value last year by RUB 1.4 bln. The decrease in the profit for 9 months of 2024 was mainly caused by the growth of financial expenses in the reporting period due to an increase in interest expenses on financial liabilities.</p> <p>Revenue for the reporting period was RUB 98.1 bln, which is higher than the same indicator last year by 7.3%. The main factor that influenced the growth in the consolidated revenue is an increase in revenue from electricity transmission due to growth in the electricity transmission rates and the volume of services rendered, including as a result of the entry of new subsidiaries into the group.</p> <p>Operating expenses of the Group of Companies following the results of 9 months of 2024 amounted to RUB 86.2 bln, which is 7.2% higher than the value for the same period last year.</p> <p>The growth of the operating expenses was caused by:</p> <ul style="list-style-type: none"> - the increase in the cost of electricity transmission services due to growth in the cost of services of territorial grid organizations (TGO) because of an increase in the average rate, as well as an increase in the cost of electricity transmission services through federal grids due to an increase in rates for maintenance of electric grid facilities in grids of the UNEG; - the increase in electricity costs to compensate for technological losses due to the growth in the volume of losses because of the increase in the volume of electricity transmission and the growth in the purchase price of electricity to compensate for losses; - the increase in other operating expenses in connection with inflationary growth in prices and the entry of new subsidiaries into the group. <p>Additional factors that influenced the growth of operating expenses were an increase in the cost of employee benefits, due to the indexation of wages and payment for overtime work in the elimination of power outages caused by adverse natural phenomena and fire impact, as well as an increase in depreciation charges due to the commissioning of items of property, plant and equipment as a result of the implementation of the Investment Program.</p> <p>Earnings before Interest, Taxation, Depreciation & Amortization (EBITDA) following the results of 9 months of 2024 reached RUB 24.3 bln, which is 3.8% higher than the same indicator last year. EBITDA margin following the results of 9 months of 2024 was 24.8%. The main driver of the EBITDA growth is increase in revenue from electricity transmission.</p>	

The financial condition of the Group of Companies following the results of 9 months of 2024 is characterized as stable.
